Executive Summary

Royal Commonwealth Bank delivered strong fourth quarter results with net income of $1,551 million, up 8.2% year-over-year and 2.1% quarter-over-quarter.^1 Total revenue reached $4,081 million driven by robust growth in both net interest income (+7.3% YoY) and non-interest income (+12.4% YoY).^2

The efficiency ratio of 49.3% reflects continued investment in technology modernization initiatives while maintaining disciplined expense management.^4 Our CET1 capital ratio strengthened to 12.8%, providing substantial buffer above regulatory minimums.^7

Year-to-date net income of $6,200 million represents a 9.6% increase over prior year, with return on equity improving 90 basis points to 14.1%.^6 Management remains focused on sustainable growth while prudently managing risk in an evolving economic environment.
